

September 26, 2018

Dear Homeowner,

The Fairview Township Water Authority is required by Department of Environmental Protection to complete a same site location plan for lead and copper. This plan includes a material evaluation of the water distribution. Your residence was constructed when lead was used in the plumbing. We ask that you please take a few minutes to complete the below questionnaire and return it to us. Thank you in advance for your assistance in this matter.

Address of Property: \_\_\_\_\_

Interior Plumbing:  Copper  Galvanized  Plastic  PEX

The service line to your house:  Copper  Plastic  Galvanized

Has interior plumbing been replaced after 1991?  Yes \_\_\_\_\_  No  
Date

Sincerely,

Charles T. Giewont, Jr.  
Manager
